The Department of Training & Placement organized A one week Competitive Coaching on “Aptitude and Reasoning “for all the III years. The topics covered during the training session are:

- Percentages
- Profit and Loss
- Ages
- Problem on Numbers
- Ratio and Proportions
- Coding and decoding
- Directions
- Partnership
- Time and Distance
- Time and work
- Trains
- pipes and cisterns
- Clocks and calendar
- Number Series
- Simple and Compound Interest

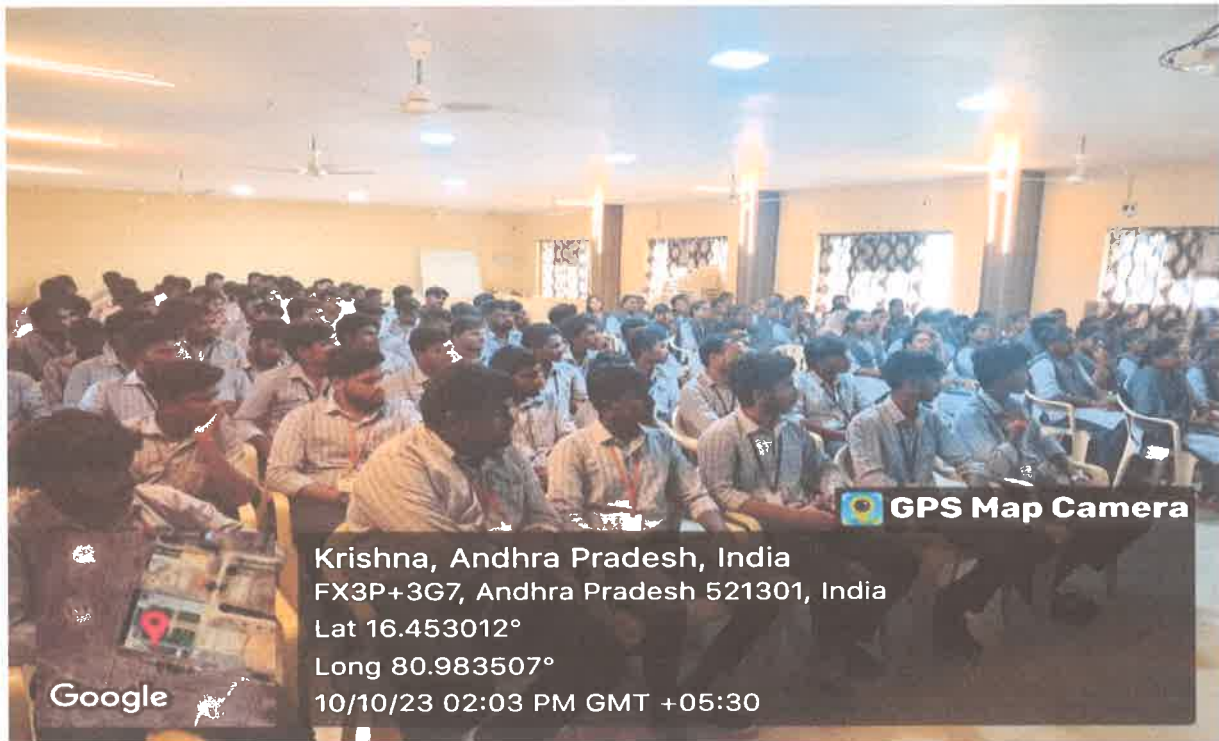

It's wonderful to hear that students from various engineering disciplines - B.Tech in Electrical and Electronics Engineering (EEE), Mechanical Engineering (MECH), Electronics and Communication Engineering (ECE), and Computer Science and Engineering (CSE) - have attended the program and benefited from it. The fact that students provided positive feedback, stating that the training sessions were highly effective in helping them develop problem-solving skills, reflects the program's success.

Furthermore, the expression of gratitude from the management, the principal, and the Training and Placement Officer (TPO) toward the trainer is a clear testament to the program's quality and the significant contribution of the trainer. This positive outcome demonstrates the importance of providing students with effective training and educational opportunities that not only enhance their skills but also better prepare them for future career prospects. It's a promising sign for the students and the educational institution alike.

Mr. K. Sathish, Teaching the Concepts of Aptitude

It's great to hear that students from various engineering disciplines (B.Tech – Electrical and Electronics Engineering, Mechanical Engineering, Electronics and Communication Engineering, and Computer Science and Engineering) attended the program and found it beneficial. The fact that they provided positive oral feedback and mentioned that the training sessions were effective in helping them develop problem-solving skills is a testament to the quality of the program. Moreover, the appreciation expressed by the management, principal, and the Training and Placement Officer (TPO) towards the trainer is a clear indicator of the program's success and the trainer's contribution. Effective training can play a significant role in shaping the skills and knowledge of students, preparing them for future career opportunities.

It's crucial for educational institutions to continue providing such valuable training and support to students, as it not only benefits them personally but also enhances their future prospects in the job market.
