Date of the program: 9-11-2019

The management, Principal, Staff and students of V.K.R, V.N.B & A.G.K College of Engineering are conducting one day campaign for "Manam-Vanam" in the college premises on 9th November-2019.

The initiative was appreciated by Dr S.H. V PrasadaRao, principal of our college. The Nature Conservancy's Plant a Billion Trees campaign is a major forest restoration program. Our goal is to plant a billion trees across the planet to slow the connected crises of climate change and biodiversity loss.

Trees are good for the economy and they reduce energy bills. They provide many resources, such as food, to a community. Trees mitigate the Urban Heat Island Effect and store and sequester carbon. They are important for habitat.
