The initiative was appreciated by Dr. G. Vijay Kumar, principal of our college and in his wishes message. Blood donation camps are those camps where blood is obtained from suitable healthy donors for people of various blood groups who are in need of blood.

Many organisations conduct blood donation camps on a regular basis. Many people/patients have conditions like thalassemia, cancer or other life threatening diseases. These types of diseases often demand blood infusions during the course of treatment. If patients suffering from ailments receive the right type of blood, their lives can be saved.
