## ABOUT THE INSTITUTION

V.K.R, V.N.B. & A.G.K. College of Engineering, Gudivada established in the year 2008 is one of the best known self-financing co-educational institutions aiming to achieve excellence in Engineering Education. It is governed by General & Technical Educational Society (GATES) to uplift aspiring students with a good academic background. It offers five UG programs (B.Tech in ECE, CSE, EEE, Mechanical, and Civil) and four PG programmes (M.Tech in VLSI, CSE, Thermal Engineering and MBA). It has a strong Industry-Institute Partnership Cell, Entrepreneurship Development Cell and R&D Cell to enhance the practical knowledge of the student.

## ABOUT THE DEPARTMENT

The Department of civil Engineering has been established in the year 2011 offers a fulltime four years B. Tech degree program in Civil Engineering. It has well equipped laboratories such as Strength of materials, Surveying field work, Engineering geology, Fluid mechanics and Hydraulic machinery, Geotechnical engineering, Transportation engineering, Concrete technology, Environmental Engineering, Auto cad lab and an excellent library .It has experienced and highly qualified faculty members to impart knowledge in the areas of construction companies

## Objectives of Program

- Design and develop web applications.
- Understand client and server-side scripting and their applicability
- Analyze a web page and identify its elements and attributes.
- Create web pages using XHTML and Cascading Style Sheets.

## Learning Outcomes

- ❖ To comprehend the basics of the internet and web terminologies.
- ❖ To introduce scripting language concepts for developing client-side applications.
- ❖ To practice server-side programming features – PHP, JSP.
- ❖ To be familiar with database applications

Involves ongoing monitoring of available Technologies to ensure their safety for use, especially since previously undetected events can occur at any time and career opportunities. Totally 34 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes

## Objectives:

1. Design and develop web applications.
2. Understand client and server-side scripting and their applicability
3. Analyze a web page and identify its elements and attributes.
4. Create web pages using XHTML and Cascading Style Sheets.
5. Build dynamic web pages using JavaScript (Client side programming).
6. Create XML documents and Schemas.
7. Build interactive web applications using AJAX

## Learning Outcomes:

1. To comprehend the basics of the internet and web terminologies.
2. To introduce scripting language concepts for developing client-side applications.
3. To practice server-side programming features – PHP, JSP.
4. To be familiar with database applications
5. To know the usefulness of web services.

It has a strong Industry-Institute Partnership Cell, Entrepreneurship Development Cell and R&D Cell to enhance the practical knowledge of the student.

## ABOUT THE DEPARTMENT

MECHANICAL ENGINEERING is one of the broadest engineering disciplines. This subject is concerned with design and manufacture of parts and systems that make up the range of machinery and equipment. Mechanical engineers research, design, develops, manufacture, and test tools, engines, machines, and other mechanical devices. Mechanical engineers also design tools that other engineers need for their work

## Objectives of Program

- Learn the different type of alternative energy sources available for buildings
- Realize important factors that will assist in determining if alternative energy should be used on a site
- Deploying renewable energy in India is to advance economic development, improve energy security, improve access to energy, and mitigate climate change.

## Learning Outcomes

- ❖ Conceptual knowledge of the technology, economics and regulation related issues associated with wind and alternative sources of energy
- ❖ Ability to analyse the viability of wind and alternative energy projects
- ❖ Capability to integrate various options and assess the business and policy environment regarding wind and alternative energy projects
- ❖ Advocacy of strategic and policy recommendations on usage of wind and alternative energy

## PROGRAM REPORT

**Name of the event:** A Two Week Certificate Program On “ALTERNATIVE ENERGY SOURCES”

**Date:** 16.11.2020 to 01.12.2020

**Resource Person :** Mr.K. Durga Prasad Associate Professor of Mechanical Department V.K.R,V.N.B&A.G.K College Of Engineering, Gudivada.

**Name Of co-ordinator:** Mr. M. SAI SANTHOSH KUMAR  
ASSOCIATE PROFESSOR  
Dept.Of Mechanical Engineering

**Number of Students attended:** 63

**Venue:** Seminar hall, V.K.R., V.N.B & A.G.K COLLEGE OF ENGINEERING, GUDIVADA.

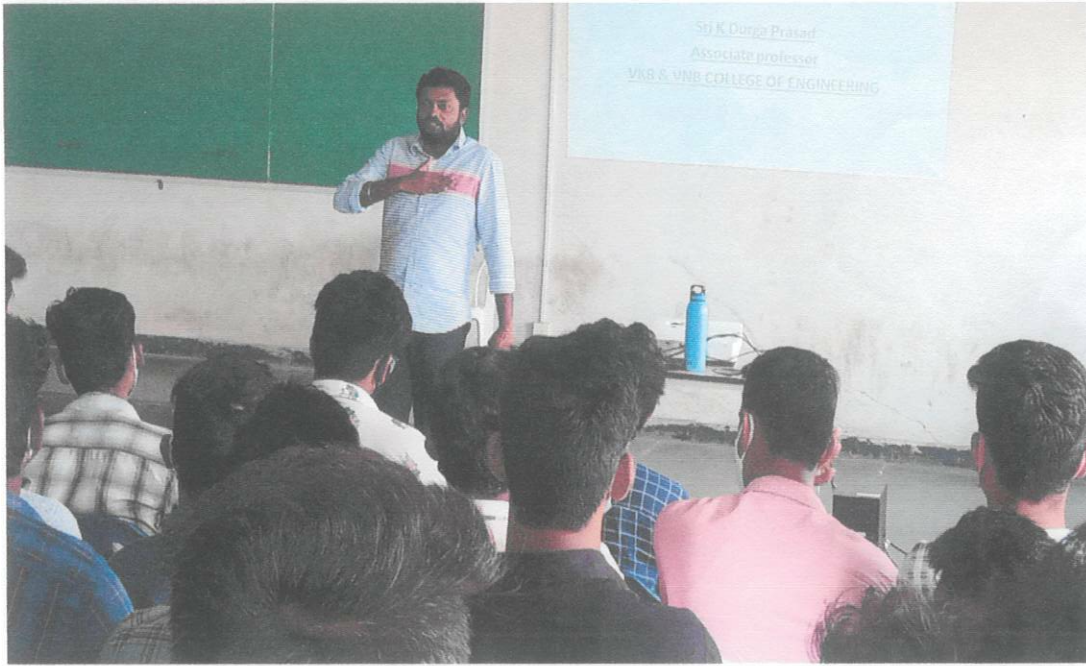

V.K.R., V.N.B & A.G.K COLLEGE OF ENGINEERING, GUDIVADA, organized a certificate program on “ALTERNATIVE ENERGY SOURCES” for IV Mechanical Engineering students by the resource person Mr.K.Durga Prasad Associate Professor of Mechanical Department V.K.R, V.N.B & A.G.K College Of Engineering, Gudivada. Involves ongoing monitoring of available Technologies to ensure their safety for use, especially since previously undetected events can occur at any time and career opportunities. Totally 63 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes

### **Objectives:**

1. Learn the different type of alternative energy sources available for buildings
2. Realize important factors that will assist in determining if alternative energy should be used on a site
3. Deploying renewable energy in India is to advance economic development, improve energy security, improve access to energy, and mitigate climate change.

### **Learning Outcomes:**

1. Conceptual knowledge of the technology, economics and regulation related issues associated with wind and alternative sources of energy
2. Ability to analyse the viability of wind and alternative energy projects
3. Capability to integrate various options and assess the business and policy environment regarding wind and alternative energy projects
4. Advocacy of strategic and policy recommendations on usage of wind and alternative energy

The course is very useful to the students and their feedback is positive. The management and Dr. S.H.V.Prasada Rao, Principal of V.K.R.,V.N.B. & A.G.K. COLLEGE OF ENGINEERING thanked the Resource Person and Participants for making the program successful.

## ABOUT THE INSTITUTION

V.K.R, V.N.B. & A.G.K. College of Engineering, Gudivada established in the year 2008 is one of the best known self-financing co-educational institutions aiming to achieve excellence in Engineering Education. It is governed by General & Technical Educational Society (GATES) to uplift aspiring students with a good academic background. It offers five UG programs (B.Tech in ECE, CSE, EEE, Mechanical, and Civil) and four PG programmes (M.Tech in VLSI, CSE, Thermal Engineering and MBA). It has a strong Industry-Institute Partnership Cell, Entrepreneurship Development Cell and R&D Cell to enhance the practical knowledge of the student.

## ABOUT THE DEPARTMENT

The Department of Computer Science and Engineering was established in 2008 with an intake of 60 and subsequently, the intake was enhanced to 120 from the academic year 2010-2011. The department is headed by **G.Venkataratnam** with Teaching experience of 12 years. There are 24 faculty members have M.Tech qualification.

The department is offering PG Programs viz. M.Tech in CSE . A good number of students have brought laurels and appreciations by winning in various national level competitions. The departmental faculties are actively involving in research activities. The department has good placement record. The department has conducted workshops on Web Technologies, Servlets, JSP. Department organizes every year Technical symposium called Tech-EXPO.

## ABOUT THE CERTIFICATE PROGRAMMING

The training programme would help to provide:

The objective of this course is to provide the knowledge about the R-programming. Teach them about the writing the customs of R-functions, and provide data visualization of R-programming.

**Venue:** CSE Seminar Hall

V.K.R., V.N.B. & A.G.K. COLLEGE OF ENGINEERING, Gudivada, organized certificate Program on “**DIGITAL MARKETING SPECIFICATIONS**” for B.Tech students by the resource Person Mrs.M.Prasanthi. The objective of digital marketing is to develop strong and innovative strategies to promote the business brand, products, and services. A digital marketing professional is expected to effectively use all marketing tools and techniques like PPC, SEO, SEM, email, social media, and display advertising.

Totally 77 students were participated in this training program and their completion of the program they were able to understand the following objectives and learning outcomes.

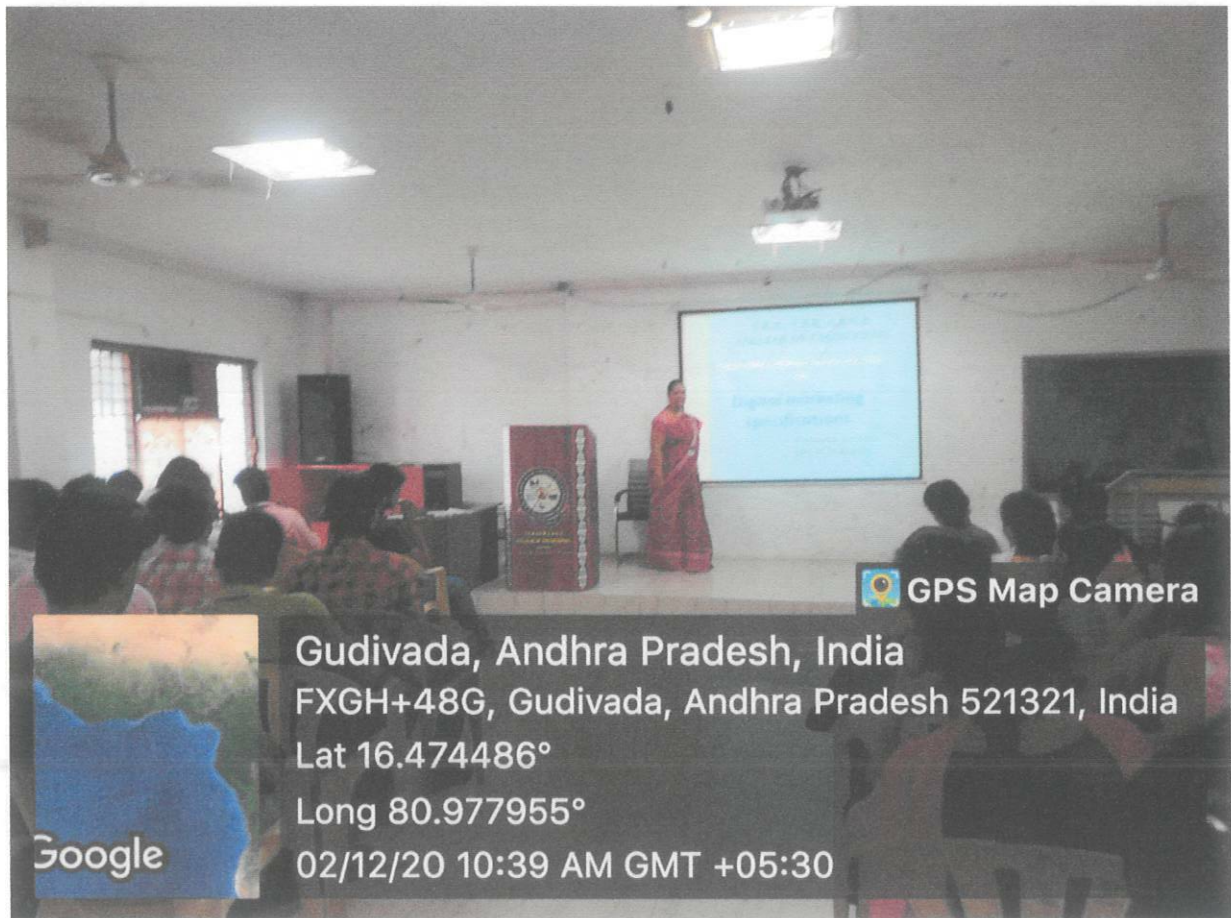

## Objectives:

- Generate more leads
- Improve your conversion rate
- Increase your sales
- Boost your traffic
- Researching keywords and creating keywords for which you'd like to rank
- Building landing pages that provide information and enable potential customers to register their interest

## Learning outcomes:

- Be able to develop and execute a marketing plan, incorporating all elements of the marketing mix, segmentation and positioning strategies and other elements.
  - Have an understanding of the role of both digital and traditional media in marketing, and the intersection of online and offline strategies and tactics.

## ABOUT THE INSTITUTION

V.K.R, V.N.B. & A.G.K. College of Engineering, Gudivada established in the year 2008 is one of the best known self-financing co-educational institutions aiming to achieve excellence in Engineering Education. It is governed by General & Technical Educational Society (GATES) to uplift aspiring students with a good academic background. It offers five UG programs (B.Tech in ECE, CSE, EEE, Mechanical, and Civil) and four PG programmes (M.Tech in VLSI, CSE, Thermal Engineering and MBA). It has a strong Industry-Institute Partnership Cell, Entrepreneurship Development Cell and R&D Cell to enhance the practical knowledge of the student.

## ABOUT THE DEPARTMENT

MECHANICAL ENGINEERING is one of the broadest engineering disciplines. This subject is concerned with design and manufacture of parts and systems that make up the range of machinery and equipment. Mechanical engineers research, design, develops, manufacture, and test tools, engines, machines, and other mechanical devices. Mechanical engineers also design tools that other engineers need for their work

## Objectives of Program

- ❑ MATLAB is considered as one of the most important tools and modern computer language
- ❑ This course enable the students to learn many of MATLAB commands
- ❑ How to use them in programming to solve many problems in different mathematical subjects, especially in numerical analysis and other subjects which connected to computer oriented mathematics.

## Learning Outcomes

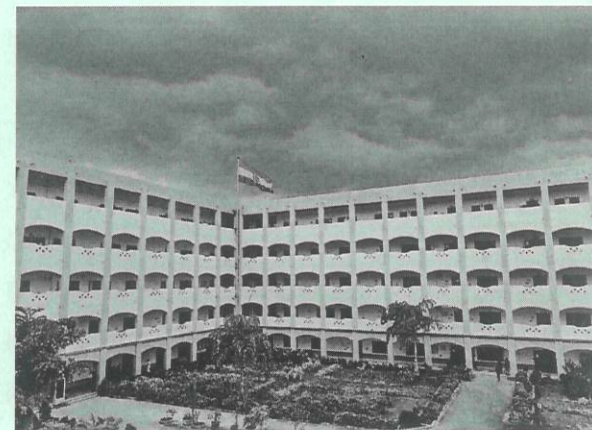

1. They shall learn a great numbers of MATLAB commands
2. how to use them in programming and in many applications in Mathematics.
3. They shall be able to write a MATLAB scripts and create a useful functions to be used later in another mathematical subjects.
4. They shall be able to expect the result and the outcome of any command or script.

**Resource Person :** Mr.SK.VAJEER BABA Assist. Professor of Mechanical Department  
ANAD COLLEGE OF ENGINEERING& MANAGEMENT  
KAPURTHALA, PUNJAB.

**Name Of co-ordinator:** Mr. P. KRISHNAM RAJU  
ASSISTANT PROFESSOR  
Dept.Of Mechanical Engineering

**Number of Students attended:** 138

**Venue:** Seminar hall, V.K.R., V.N.B & A.G.K COLLEGE OF ENGINEERING, GUDIVADA.

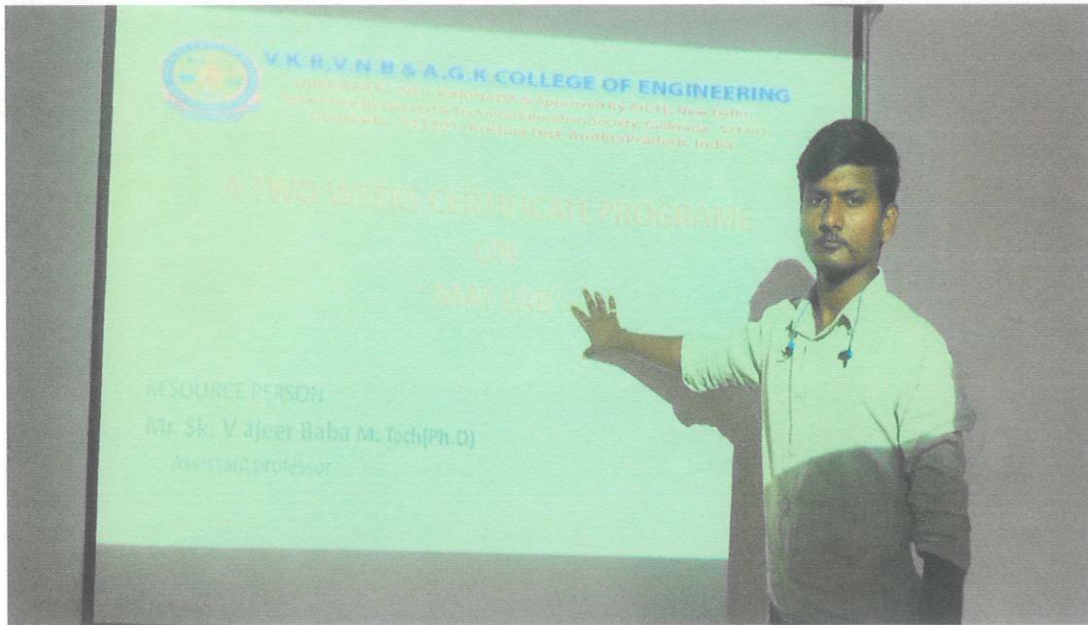

V.K.R., V.N.B & A.G.K COLLEGE OF ENGINEERING, GUDIVADA, organized a certificate program on “MAT LAB” for III<sup>RD</sup> Mechanical Engineering students by the resource person Mr. P. KRISHNAM RAJU Assistant professor of Mechanical Department V.K.R.V.N.B&A.G.K College Of Engineering, Gudivada. Involves ongoing monitoring of available Technologies to ensure their safety for use, especially since previously undetected events can occur at any time and career opportunities. Totally 55 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes

#### **Objectives:**

1. Learn the different type of alternative energy sources available for buildings
2. Realize important factors that will assist in determining if alternative energy should be used on a site
3. Deploying renewable energy in India is to advance economic development, improve energy security, improve access to energy, and mitigate climate change.

#### **Learning Outcomes:**

1. Conceptual knowledge of the technology, economics and regulation related issues associated with wind and alternative sources of energy
2. Ability to analyse the viability of wind and alternative energy projects
3. Capability to integrate various options and assess the business and policy environment regarding wind and alternative energy projects
4. Advocacy of strategic and policy recommendations on usage of wind and alternative energy

The course is very useful to the students and their feedback is positive. The management and Dr. S.H.V.Prasada Rao, Principal of V.K.R.,V.N.B. & A.G.K. COLLEGE OF ENGINEERING thanked the Resource Person and Participants for making the program successful.

### ABOUT THE INSTITUTION

VKR, VNB & AGK College of Engineering, Gudivada established in the year 2008 is one of the best known self-financing co-educational institutions aiming to achieve excellence in Engineering Education. It is governed by General & Technical Educational Society (GATES) to uplift aspiring students with a good academic background. It offers Six UG programmes (B.Tech in ECE, CSE, EEE, Mechanical, Civil Engg) and four PG programme (M.Tech in VLSI, CSE, Thermal Engineering and MBA). It has a strong Industry-Institute Partnership Cell, Entrepreneurship Development Cell and R&D Cell, Training and Placement Cell to enhance the practical knowledge of the student.

### ABOUT THE DEPARTMENT

The Department of EEE established in the year 2008 offers a full time four years B.Tech degree program in Electrical and Electronics Engineering. It has well equipped laboratories such as Electrical Machines, Power Systems, Control Systems, Power Electronics, Electrical Simulation, Electrical Measurements and an excellent library. It has experienced and highly qualified faculty members to impart knowledge in the areas of Electrical Fields.

**About the certificate course**

Indian Electricity Rules, 1956 was made under Section 37 of the Indian Electricity Act, 1910. It has been redefined after the enactment of Electricity Act, 2003. All supply lines and apparatus to be of sufficient power ratings and to be insulated properly to ensure safety of humans and animals. Supplier to ensure safety of wires and apparatus at consumer's premises. Switches to be there on live conductor.

While marking conductors, code of practice of wiring to be followed. When used safely, electricity provides light, heat and automation to keep our world running. At work, all of our computers and office equipment run on electricity. Plus, the majority of factories and worksites cannot operate without stable connections to a power source.

**Contents**

- The electricity Rules Act
- Secure against Reconnection
- Installation verification
- Earthing and short circuits
- Protection against live parts
- Fault Clearance

**Course details:**A program focused on the Electricity Act and safety rules is crucial for promoting awareness, preventing electrical accidents, ensuring compliance with legal requirements, fostering a safety culture, and supporting professional development. It plays a vital role in creating a safer, more efficient, and sustainable electrical ecosystem.the Electricity Act and safety rules are essential for safeguarding life, protecting property, maintaining public safety, promoting workplace safety, ensuring consumer protection, improving the reliability of electrical supply, considering environmental sustainability, enabling regulatory oversight, and addressing technological advancements. Compliance with these regulations is crucial for creating a secure, efficient, and sustainable electricity sector.

**Objectives:**

- The program should aim to educate participants about the key provisions of the Electricity Act and the safety rules associated with electrical systems
- The program should enhance participants' knowledge and skills related to electrical safety. This includes understanding electrical hazards, risk assessment, safety protocols, safe work practices, emergency procedures, and the proper use of personal protective equipment (PPE).
- The program should emphasize the importance of complying with the Electricity Act and safety rules. Participants should have a clear understanding of their legal obligations, as well as the consequences of non-compliance.
- The Electricity Act establishes regulatory authorities responsible for enforcing safety rules, monitoring compliance, and ensuring fair practices in the electricity sector.

**Learning Outcomes:**

- Participants should acquire a solid understanding of the key provisions, scope, and objectives of the Electricity Act.
- Participants should gain knowledge of the safety rules and regulations associated with electrical systems
- Participants should develop an understanding of common electrical hazards and associated risks
- Participants should learn how to assess and mitigate risks in electrical systems.
- Participants should acquire knowledge of safe work practices in relation to electrical systems.
- Participants should gain an understanding of emergency procedures and protocols related to electrical incidents

It offers five UG programs (B.Tech in ECE, CSE, EEE, Mechanical, and Civil) and four PG programmes (M.Tech in VLSI, CSE, Thermal Engineering and MBA). It has a strong Industry-Institute Partnership Cell, Entrepreneurship Development Cell and R&D Cell to enhance the practical knowledge of the student.

## ABOUT THE DEPARTMENT

The Department of Computer Science and Engineering was established in 2008 with an intake of 60 and subsequently, the intake was enhanced to 120 from the academic year 2010-2011. The department is headed by **Dr. G Venkata ratnam** with Teaching experience of 15 years. There are 24 faculty members have M.Tech qualification.

The department is offering PG Programs viz. M.Tech in CSE . A good number of students have brought laurels and appreciations by winning in various national level competitions. The departmental faculties are actively involving in research activities. The department has good placement record. The department has conducted workshops on Web Technologies, Servlets, JSP. Department organizes every year Technical symposium called Tech-EXPO.

## ABOUT THE CERTIFICATE PROGRAMMING

The training programme would help to provide:

It is a multidisciplinary approach that combines principles and practices from the fields of mathematics, statistics, artificial intelligence, and computer engineering to analyze large amounts of data.

## TOPICS COVERED

Contents of the course would touch upon following aspects, to achieve the objectives:

- To Obtain, clean/process, and transform data
- To Analyze and interpret data using an ethically responsible approach
- To Use appropriate models of analysis,
- assess the quality of input,

### PROGRAM REPORT

**Name of the Event:**A Two-Week Certificate Program on “ **DATA SCIENCE** ”

**Date:** 08-02-2021 to 22-02-2021

**Resource Person:** **Mr.K.Jeevan Kumar**, Assoc.prof, Department of CSE

Contact No:9652216258

Email ID: [pjkodali1205@gmail.com](mailto:pjkodali1205@gmail.com)

**Name of the Coordinator:** Mrs. M.Prasanthi, Assoc Professor

Dept. of Computer Science & Engineering

**Number of students attended: 109**

**Venue:** CSE Seminar Hall, **V.K.R., V.N.B. & A.G.K. COLLEGE OF ENGINEERING**

**V.K.R., V.N.B. & A.G.K. COLLEGE OF ENGINEERING**, Gudivada, organized certificate Program on “**DATA SCIENCE**” for B.Tech students by the resource Person **Mr.K.JEEVAN KUMAR**. Data science is the study of data to extract meaningful insights for business. It is a multidisciplinary approach that combines principles and practices from the fields of mathematics, statistics, artificial intelligence, and computer engineering to analyze large amounts of data.

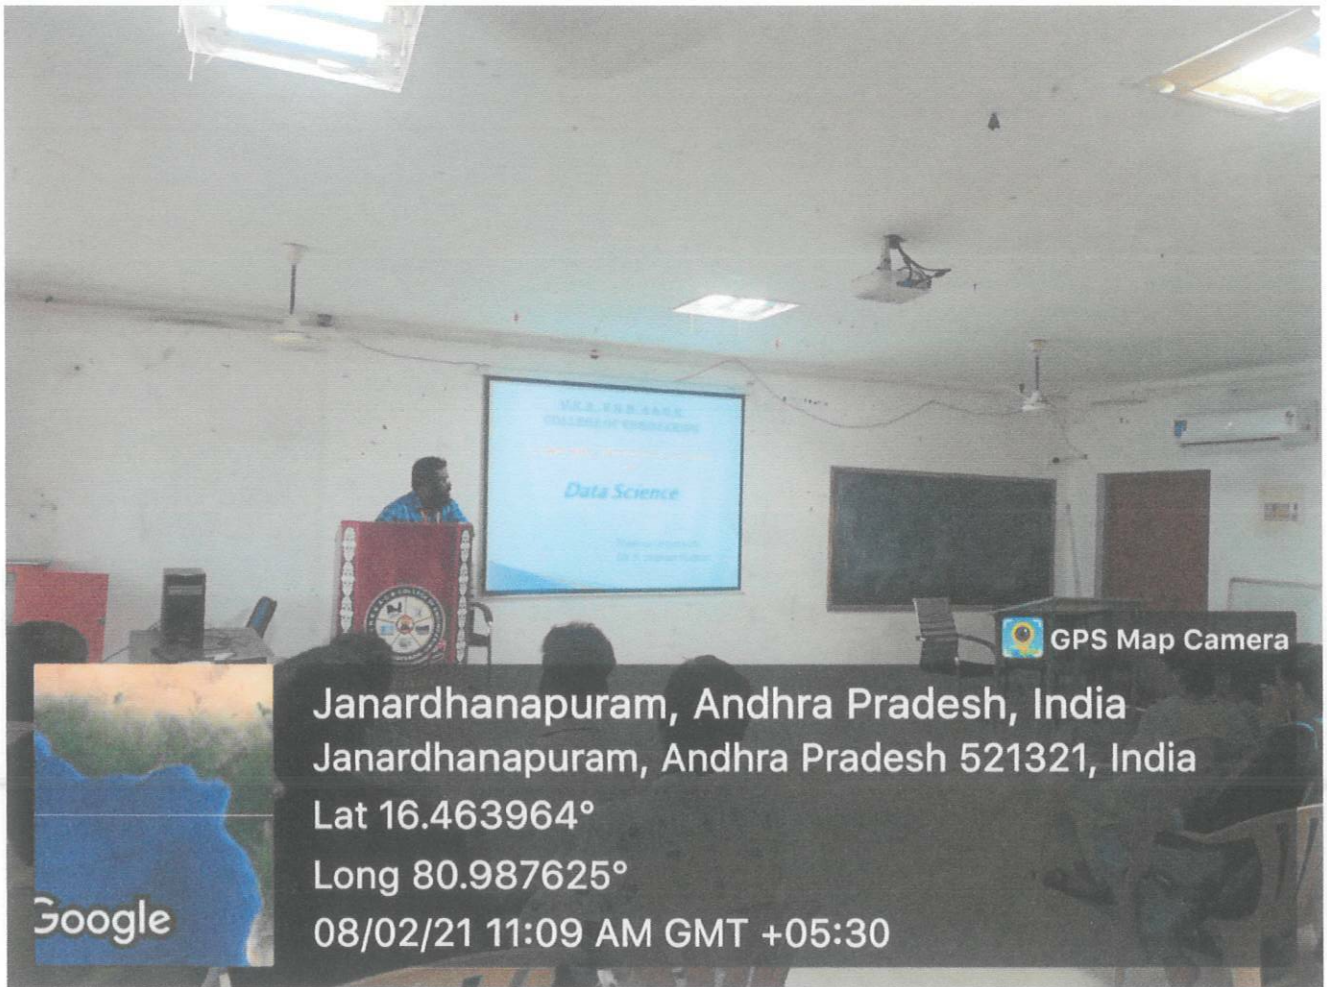

Totally 105 students were participated in this training program and their completion of the program they were able to understand the following objectives and learning outcomes.

## Objectives:

- To Obtain, clean/process, and transform data
- To Analyze and interpret data using an ethically responsible approach
- To Use appropriate models of analysis, assess the quality of input, derive insight from results, and investigate potential issues
- Acquire a fundamental understanding of the analytical techniques and software tools necessary to effectively generate useful information from structured and unstructured datasets of any size
- Gain experience in using the tools and techniques of data science to structure and complete projects focused on obtaining actionable insights from complex data
- Dive deeply into a chosen area of practice to fully prepare to use knowledge gained in the program to add significant value in a professional setting
- Students will apply statistical and computational tools to applied problems, and clearly communicate the results in both written reports and oral presentation

## Learning outcomes:

- To develop relevant **programming** abilities demonstrate proficiency with statistical **analysis of data**.
- To develop the ability to build and assess data-based **models**
- To execute statistical analyses with professional statistical **software**
- To demonstrate skill in **data management**
- To apply data science concepts and methods to **solve** problems in real-world contexts and will **communicate** these solutions effectively

The course is very useful to the students and their feedback is positive. The management and Dr. G. Vijay Kumar Garu, Principal of V.K.R., V.N.B. & A.G.K. COLLEGE OF ENGINEERING thanked the Resource Person and Participants for making the program successful.

## CIRCULAR

This is here by to inform all the third year students, that the ECE department is organizing a two-week Add-on program on “Python” by Mr.L.N.V.Rao, Associate Professor, Department of CSE from 22/2/2021 to 6/3/2021. So all the students are requested to enroll by 13.2.2021 and utilize this opportunity and make the program successful.

**Venue:** ECE Seminar Hall, V.K.R, V.N.B & A.G.K College of engineering.

**Co-ordinator:** Mr P.Naveen Trinadh, Assistant. Professor

## ABOUT THE INSTITUTION

V.K.R., V.N.B. & A.G.K. College of Engineering, Gudivada established in the year 2008 is one of the best known self-financing co-educational institutions aiming to achieve excellence in Engineering Education. It is governed by General & Technical Educational Society (GATES) to uplift aspiring students with a good academic background. It offers five UG programs (B.Tech in ECE, CSE, EEE, Mechanical, and Civil) and four PG programmes (M.Tech in VLSI, CSE, Thermal Engineering and MBA). It has a strong Industry-Institute Partnership Cell, Entrepreneurship Development Cell and R&D Cell to enhance the practical knowledge of the student. The college is certified by ISO in 2018

## ABOUT THE DEPARTMENT

The Department of E.C.E. was started in the year 2008 with intake of 60 students. The intake was increased to 90 in 2009 and 120 in 2010. The main asset of the department has dedicated and experienced faculty. The average experience of our faculty is above 6 years. The faculty members are encouraging the most of the students in research work. Most of the faculty members make their habit in attending FDPs and workshops all over the country. The success behind our department is smart work and hard work of our faculty. The main heart of the department has established state of art laboratories namely EDC, VLSI, MPMC, MW LICA. DICA. AC and DC etc. which are sophisticated

## ABOUT THE COURSE

This course will be a for a duration of two weeks and is organized by the Department of ECE along with the Professional chapter of IETE at V.K.R., V.N.B. & A.G.K. College of Engineering. The course will make student to understand the basics of python and impenet them in real time applications

Mr. L.N.V Rao Associate Professor working in the department of CSE in VKR,VNB & AGK college of engineering will act as Resource Person during this course to make the students acquire the knowledge of python programming

## TOPICS to be COVERED

- 1.Introduction to Python
- 2.Variables and operators in python
- 3.Conditional statements in python
4. Types, Data structures
- 5.Functions
6. Design with classes
7. Design with GUI
8. Introduction to soft computing
9. Introduction to fuzzy system
- 10.Basics of genetic algoritms
- 11.Properties of genetic algoritms
- 12.Integration of soft computing techniques

| <b>Mr.S.Sreedhar Babu</b> | <b>Associate Professor</b> |
| <b>Mrs.K.Anusha</b>       | <b>Assistant Professor</b> |

### Objectives:

1. Teach an example of scripting and interpretative language and compare it with classical compiled programming languages
2. Introduce the student to Python programming fundamentals
3. Expose students to application development and prototyping using Python
4. Learn to apply fundamental problem solving technique.
5. Introduce the student to soft computing and genetic algorithms with relevant applications.

### Outcomes:

1. Understand and comprehend the basics of python programming.
2. Demonstrate the principles of structured programming and be able to describe, design, implement, and test structured programs using currently accepted methodology..
3. Make use of functions and its applications
4. Identify real-world applications using oops, files and exception handling provided by python.
5. Formulate and implement a program to solve a real-world problem using GUI and Turtle graphics.
6. Introduce the student to soft computing and genetic algorithms with relevant applications

**Resource Person Details:** Mr. L.N.V Rao, Associate Professor

CSE Department, V.K.R, V.N.B. & A.G.K. College of Engineering.

**Program Co-ordinator Details:** Mr.P.Naveen Trinadh, Assistant Professor

ECE Department, V.K.R, V.N.B. & A.G.K. College of Engineering.

**Number of students attended:** 73

**Venue:** ECE seminar Hall, V.K.R., V.N.B. & A.G.K. College of Engineering

A Two-week Add-on program on "Python" is organized by Department of Electronics & Communications in ECE seminar Hall. A total of 73 students from batch 2018-2022 studying 3<sup>rd</sup> year has attended this program. This program was aimed to gain the knowledge, skills and importance of python in soft programming and also the utilization of soft programming techniques in analyzing data for getting precise information. The resource person Mr.L.N.V Rao has explained the basics of basics, expressions, types, classes and how to use soft programming in various applications

### Objectives:

- Teach an example of scripting and interpretative language and compare it with classical compiled programming languages
- Introduce the student to Python programming fundamentals
- Expose students to application development and prototyping using Python
- Learn to apply fundamental problem solving technique.
- Introduce the student to soft computing and genetic algorithms with relevant applications

### Topics covered:

- Introduction to Python
- Variables and operators in python
- Conditional statements in python

- Types, Data structures
- Functions
- Design with classes
- Design with GUI
- Introduction to soft computing
- Introduction to fuzzy system
- Basics of genetic algorithms
- Properties of genetic algorithms
- Integration of soft computing techniques

**Outcomes:**

- Understand and comprehend the basics of python programming.
- Demonstrate the principles of structured programming and be able to describe, design, implement, and test structured programs using currently accepted methodology..
- Make use of functions and its applications
- Identify real-world applications using oops, files and exception handling provided by python.
- Formulate and implement a program to solve a real-world problem using GUI and Turtle graphics.
- Introduce the student to soft computing and genetic algorithms with relevant applications

In this the resource person started the basics of python programming

  - Communicate effectively in the context of negotiation
  - Learn to bargain successfully
  - Understanding When and Where to negotiate
  - Enhancing your confidence to respond to the changing circumstances of the negotiation
  - Assess your negotiation style and build flexibility in using alternative negotiation styles
  - Making the participants aware of different negotiation techniques and skills
- Negotiation Skills**
- 
- Select and use specific negotiation tactics consistent with the objectives of the negotiator
  - How to persuade others and close a deal

**Learning Outcomes:**

- Understand the negotiation process and tactics involved in it
- Interact with others in the negotiation
- Implement different techniques of negotiation
- Overcome the difficulties you face during negotiation
- Convince others and persuade them
- Maintain good relationship with others and become a powerful negotiator
