ABOUT FDP

"PHP : Hypertext Preprocessor" is a widely-used Open Source general-purpose scripting language that is especially suited for Web development and can be embedded into HTML. Its syntax draws upon C, Java and PERL, and is easy to learn.

MySQL is a relational database management system (RDBMS) that runs as a server providing multi-user access to a number of databases. The SQL pharse stands for Structural Query Language. Applications which use MySQL databases include Joomla, Word Press, MyBB, phpBB, Drupal and other software built on the LAMP software stack.

18th to 24th June, 2020

Organized by
Department of CSE
In Association With
IIT Bombay

V.K.R, V.N.B & A.G.K College of Engineering established in the year 2008. It is a self financing institution which owes its foundation to the bold and inspired vision of General and technical education society of Gudivada. The institution is ideally located in a vast expanse of 15 acres of land on the outskirts of Gudivada city. The departmental buildings are located in close proximity each other with wide open spaces all around. The playfields and other student and staff amenities are within working distances from the faculty blocks.

The college was established for providing technical manpower initially in the fields of Computer Science and Engineering, Electronics and Communication Engineering, Electrical Engineering. Since then the college has continuously evolved itself to meet the changes in the field of Engineering. Undergraduate Courses in Civil Engineering, Mechanical Engineering besides two postgraduate courses in the fields of M.Tech (CSE, VLSI, Thermal Engineering) Master of business administration (MBA). The College is recognized by the AICTE (All India Council for Technical Education Delhi).

The college is affiliated to Jawaharlal Nehru Technological University Kakinada, Andhra Pradesh. The College has about 1400 students, more than 110 faculties and around 70 technical and supporting staff. The hallmark of the campus is the good facilities which cater to the academic and extracurricular interests of the students. The campus provides ample opportunities for developing extracurricular skills which include NCC, NSS and Students Chapters of IEEE, social clubs and sports & games.

ABOUT THE DEPARTMENT

The Department of CSE was established in the year 2008 to groom the students for the requirements of Software Industry. Computer Engineering is one of the most promising branch that deals with design of hardware, software and communications systems The primary objective of the Computer Engineering program is to prepare graduates to pursue careers related to Software Development, Testing, Network Administration and Database Administrator. It emphasizes on latest technology skills required for entry level professionals in computer industry, including systems analysis and design. The students are also trained on various application of IOT, Embedded System, use of open source software, developing Apps, Developing Games and other application of Data Science, Ethical hacking, BigData etc.
