7.3.1 DOCUMENTS RELATED TO INSTITUTIONAL DISTINCTIVENESS

I. Training & Placement

The standard of any educational institution is generally measured by its academic excellence and the success in placements. It is to meet this vital requirement and the competitive standard and achieve this target, the Training & Placement (T&P) Department was established to train students in the areas of Aptitude, Reasoning, verbal and Soft Skills.

T&P Cell has been instrumental in associating itself with corporate giants to conduct various Industry Institute initiatives. Various technical and literary events are conducted to practically enhance communicative abilities to face emerging challenges in the context of globalization.

It is the Department of T&P with its Campus Recruitment Training (CRT) that proclaims the academic and professional uniqueness of our institution.

It follows a stringent procedure where the student can best imbibe the applicative methodology in the areas of Soft skills Technical, Verbal, Aptitude & Reasoning Skills. Apart from the formal structure of the course which covers the updated pattern of the examination and selection process of the leading companies, every student is trained with the practical concepts of soft skills, personality development and English language.

The student is rigorously trained to be independent and non-imitative in his constructive and objective-oriented thinking. He/she is guided with the instant sensibility of the areas of knowledge not only related to the Multi-National Companies (MNCs) but also to the competition at the global standards.

The efforts of the department's committed and industrious team have succeeded in bringing out the ideal champions who have really set ablaze more successors as a fruitful consequence. With CRT course, the department of T&P has certainly added many feathers in the cap of our esteemed and prosperous institution. The humble beginning of the course has become a source of inspiration even to the faculty of the other departments and even other colleges apart from the students of this course.

Comparatively the T&P has set itself a model by making a striking difference among many other renowned colleges. Besides this account, it never slows down its pace in exploring the upgrades of competitive learning for the welfare of the student expertise to put him into the mainstream of the progress in advancement.

To enable the student with more acquaintance practice and the higher level of knowledge, the CRT course has initiated to offer this course from the earlier stage of the second year B.Tech itself along with regular academics, so that the student will be well versed with the concepts and relevant practice pertaining to the aspects required for

Another important contribution of the CRT is to organize a pre-placement training where the students will certainly overcome all their difficulties and will be ready with ample self-confidence.

II. Techno Cultural Symposium

Our institution is functional in academics towards the attainments of vision and mission aligned with visions and missions of the departments. As being distinct, we focus on techno-cultural activities for the overall development of students on annual basis. The institution organizes techno-cultural symposia annually which are different from the normal annual day celebrations of any other institution.

A Two-day programme is organized with the student's participation by inviting distinguished personalities in arts and culture as jury along with participants from various other colleges in and around. The technical symposium is checkout with various technical programmes like paper presentation, poster presentation, model exhibition, technical quiz, etc. A cultural feast is also being organized by the last days of the programme by students' participation in various cultural activities and stage performances by students exhibiting their talents in different cultures across India. Students are honored with prizes who stood winners in various activities

III. Diversities

The Institution admits students from various states in India like Telangana, Bihar, and Jharkhand. Diversity focuses in the form of marginalization: Race, Gender and Physical orientation.

As part of Diversity, students are grouped based on their IQ reading level and Socio-economic background. There has always been diversity in the classroom, but it is important to embrace it and make positive use of it. Teachers value the diversity and attitude of the students and accordingly they are additionally focused with different skills to understand the concepts.

- Take the time to learn students background and interest towards learning
- Making awareness among students that everyone has strength and weakness.
- While working as teams, students are encouraged to take advantage of their strengths of the team members to produce the best possible results.
- Guest lecturers arranged by eminent speakers from different places to share the required skills among the students.

To inculcate Integrity among the students, the Institution celebrates National days like Republic Day, Independence Day, International Women's Day, Engineers Day, Teachers Day etc. During every program, National Anthem is played to feel the Integrity and Patriotism.
