ABOUT THE INSTITUTION

VKR, VNB & AGK College of Engineering, Gudivada established in the year 2008 is one of the best known self-financing co-educational institutions aiming to achieve excellence in Engineering Education. It is governed by General & Technical Educational Society (GATES) to uplift aspiring students with a good academic background. It offers six UG programmes (B.Tech in ECE, CSE, EEE, Mechanical, Civil, and Petroleum Engg) and four PG programmes (M.Tech in VLSI, CSE, Thermal Engineering and MBA). It has a strong Industry-Institute Partnership Cell, Entrepreneurship Development Cell and R&D Cell to enhance the practical knowledge of the student.

ABOUT THE DEPARTMENT

The Department of CSE established in the year 2008 offers a full time Four year B.Tech degree programme in COMPUTER SCIENCE & ENGINEERING and two year M.Tech degree programme in CSE specialization. It has well equipped laboratories and an excellent library. It has experienced and highly qualified faculty members to impart knowledge in the areas of Data Mining, Networking, Cloud Computing and Software Engineering.

ABOUT THE FDP

The One Week Faculty Development Program on “**Instructional Model for Outcome Based Education. (OBE)**” Gives an overview to Outcome (Placement, Higher Education and Entrepreneurship) practiced by all participants is required to be Specific, Measurable and Attainable. Accreditation requires OBE to be implemented effectively and not just mere completion as formality. During FDP topics covered will be necessarily containing Case Studies, Impact Analysis, Thought process.

Eminent resource persons from a reputed organization.

This FDP would also give an exposure and hands on training to the participants in

1. What is Outcome in Outcome based education? Challenges and Strategies for implementation
2. Attainment of POs through curriculum which has lots of curriculum gaps, restricted and confined only to curriculum without analysis of Bloom's Taxonomy: Is it a best Practice?
3. ICT Methods: Demonstration of usage of different ICT tools (Digital Blooms Taxonomy - Whatsapp, Face book, Google etc), Its Pros and Cons of using it, Case Studies, Impact Analysis
4. CO, PO, PSO, PEO: Is it only for accreditation or implementable in real life situation? Yes its real life skill development, Case Studies, Impact Analysis.
5. Are we merely completing CO-PO process? Lets align routine professional life to CO-PO
6. PSO and PEO without studying Alumni Profile? Oh really? Takeaways from Alumni Profile and infusing them in curriculum gaps?
7. CO-PO Mapping and attainment case studies: Outcome Based Approach (Not syllabus and non domain specific approach)

PROGRAM REPORT

Name of the program : A One week FDP on **Instructional Model for Outcome Based**

Education. (OBE)

Organized by : Department of Computer Science & Engineering

Date : 27/09/2023 to 04/10/2023

Resource person : Dr. Venkata Siva

Professor in Mechanical Engineering

Narasaraopeta Engineering College

Objective:

The FDP on “**Instructional Model for Outcome Based Education. (OBE)**”.

It is important how we teach, but how students are learning is more important. Employability of students is no longer just a necessity but it is a purpose of survival. In this FDP, all eminent OBE Practitioners will be delivering the case studies, impact analysis and not just theoretical aspect. Expert lectures will be delivered by eminent resource persons from well experience faculty. This program may be beneficial to Faculty members & Research Scholars who intend to practice/begin research.

About the FDP:

The Faculty Development Programme will help to Outcome (Placement, Higher Education and Entrepreneurship) practiced by all participants is required to be Specific, Measurable and Attainable. Accreditation requires OBE to be implemented effectively and not just mere completion as formality. During FDP topics covered will be necessarily containing Case Studies, Impact Analysis, Thought process. Every day three sessions will be carried out by our Resource

Persons, who are actually practicing OBE in their own domain. The 4th Session will be hands on. The report of these hands on, by participants, will be binded as Magazine Articles. During Vaedictory session this Magazine will be Published and deposited to AICTE as outcome report of FDP. The participants will be trained with hands-on approach in order to have an in-depth insight into the domain of machine learning and expose them to Feasibility future scope Major Course Contents is conducted from SEP 27th – 04th OCT, 2023. After interacting with the faculty of CSE Department and in view of recent advances going on in OBE, decision is taken in favor of conducting FDP on ML. Mr. G. Venkata Rathnam, HoD of CSE directed Mrs. K.Prasanthi to prepare a proposal for the same. After preparing the proposal to conduct the FDP, it is approved by the Principal Dr S.H.V. Prasada Rao and formal permission is taken.

Outcome:

Participants would be able to

- i) Create effective student centric academic delivery model.
- ii) Capable of creating effective teaching style based on specific subject and intellectual caliber
- iii) Designing effective evaluation patterns both through direct and indirect approach.
- iv) Attain an ecosystem of quality education.
- v) Enabling effective way of mission attainment.

ABOUT THE INSTITUTE

VKR, VNB & AGK College of Engineering established in the year 2008 . It is a self financing institution which owes its foundation to the bold and inspired vision of General and technical education society of Gudivada. The institution is ideally located in a vast expanse of **15 acres** of land on the outskirts of Gudivada city . The departmental buildings are located in close proximity each other with wide open spaces all around. The playfields and other student and staff amenities are within working distances from the faculty blocks.

ABOUT THE DEPARTMENT

MECHANICAL ENGINEERING is one of the broadest engineering disciplines. This subject is concerned with design and manufacture of parts and systems that make up the range of machinery and equipment. Mechanical engineers research, design, develops, manufacture, and test tools, engines, machines, and other mechanical devices. Mechanical engineers also design tools that other engineers need for their work.

FACULTY DEVELOPMENT PROGRAM ON "AUTOCAD-2024"

On
22nd TO 26th APRIL 2024

ORGANIZED BY

OF
MECHANICAL ENGINEERING**

V.K.R,V.N.B & A.G.K COLLEGE OF ENGINEERING

(Affiliated To JNTU-KAKINADA & Approved By AICTE, New Delhi)
(Sponsored By General & Technical Education Society, Gudivada - 521301)
Gudivada - 521301, Krishna Dist, AndhraPradesh, India

SCOPE OF THE PROGRAM:

The scope of the course is to let the participants be introduced to the fundamental principles and analytical modeling of latest AutoCAD software which is useful for both Civil & Mechanical branches. AutoCAD is a powerful computer-aided design (CAD) software developed by Autodesk, widely used across various industries including architecture, engineering, construction, and manufacturing. It allows users to create precise 2D and 3D drawings. Its versatility and precision make it indispensable in fields such as architecture, where professionals use it for detailed floor plans, elevations, and 3D visualizations.

PROGRAMME OBJECTIVES:

→ To acquaint the participants with the fundamental design aspects of creating precise 2D and 3D drawings.

→ To explore diverse perspectives related to the design and procedures of manufacturing, it assists in product design, producing technical drawings and assembly layouts crucial to the production process.

→ To discuss different updated commands in the AutoCAD.

→ Starting with AutoCAD theory and

PROGRAM REPORT

Name of the program: A One week FDP on AUTOCAD-2024

Organized by: Department of Mechanical Engineering

Date: 22/04/2024 to 26/04/2024

Resource person: Dr. B. KIRAN BABU
Associate Professor
Mechanical Engineering
Usharama College of Engineering & Technology
Kiranbabu.battula58@gmail.com

Objective:

The objective of the course is to let the participants be introduced to the updated commands and 3D design tools. AutoCAD is a powerful computer-aided design (CAD) software developed by Autodesk, widely used across various industries including architecture, engineering, construction, and manufacturing. It allows users to create precise 2D and 3D drawings. Its versatility and precision make it indispensable in fields such as architecture, where professionals use it for detailed floor plans, elevations, and 3D visualizations. Engineers rely on AutoCAD for drafting and modeling, facilitating the design of complex structures, mechanical components, and electrical systems. In manufacturing, it assists in product design, producing technical drawings and assembly layouts crucial to the production process.

About the FDP:

The Faculty Development Program is organized with a vision to enhance the technical and practical aspects of fundamental and advanced subjects of engineering technology which play vital role in making the roots of education stronger. This program is about "AUTOCAD-2024" 22nd – 26th April, 2024 was conducted in association with Department of Mechanical Engineering, V.K.R, V.N.B & A.G.K COLLEGE OF ENGINEERING ,GUDIVADA. It all begin with the decision of HOD, MECH that department will conduct FDP on FLUID POTENTIAL TECHNOLOGY AND ITS APPLICATIONS . Mr. G.V.N.B. PRABHAKAR was asked to prepare a proposal for the same to take the permission of the Principal . Dr S.H.V. PRASADA RAO interacted with resource person as well as coordinator to get formal permission.

Outcome:

The FDP on AutoCAD significantly enhanced the skills of the faculty and instructors, fostering a collaborative learning environment and ensuring they are well-prepared to integrate AutoCAD into their curricula effectively. AutoCAD and Autodesk Fusion software were successfully installed in the CAD Lab of the Mechanical Engineering Department.

ABOUT COLLEGE

V.K.R, V.N.B. & A.G.K. College of Engineering, Gudivada established in the year 2008 is one of the best known self-financing coeducational institutions aiming to achieve excellence in Engineering Education. It is governed by General & Technical Educational Society (GATES) to uplift aspiring students with a good academic background. It offers five UG programs (B.Tech in Civil, EEE, Mechanical, ECE, and CSE) and four PG programmes (M.Tech in VLSI, CSE, Thermal Engineering and MBA). It has a strong Industry-Institute Partnership Cell, Entrepreneurship Development Cell and R&D Cell to enhance the practical knowledge of the student.

ABOUT DEPARTMENT

The Department of CSE established in the year 2008 offers a full time Four year B.Tech degree programme in COMPUTER SCIENCE & ENGINEERING and two year M.Tech degree programme in CSE specialization. It has well equipped laboratories and an excellent library. It has experienced and highly qualified faculty members to impart knowledge in the areas of Data Mining, Networking, Cloud Computing and Software Engineering.

ABOUT WORKSHOP

The objective of this One Day Training Program is to give training to the non-teaching staff in basic concepts of Computer Networks using the Cisco Packet Tracer tool, IP addressing, routing and switching.
